Breeder Celect Plus Probiotic

Ideal for those looking for some extra odour control, our PLUS Probiotic cat litter range is the same great 99% recycled paper product +some extra odour eating benefits. We've added an all natural probiotic which feeds off the bacteria in your litter tray to help eliminate bad smells. Yep, thats right, the probiotic eats up p the the bacteria! Like little munchies eating up the smells.

Small Animal Bedding & Litter

- Providing comfy and safe little homes for our smallest of pets
- 99% recycled paper animal bedding
- Flatter and ridged pellets allow for moisture to be absorbed
- Feet dryer, less prone to irritations from standing in wet materials
- A flatter surface area, offers a safer experience
- The pellets don't roll around when hopped or scurried across
- Sterile & low in dust reducing the irritations
- Litter can be composted
