# Selective Naturals Botanicals

Indulge your rabbits' natural instincts with our new, premium rabbit food. Packed with a delicious blend of Timothy hay and botanical herbs, including mint, thyme, basil, parsley, and dandelion. Featuring a variety of nugget shapes, every nibble promotes instinctive natural foraging behaviours. Selective Naturals Botanicals help mimic their wild feeding instincts and provides a source of environmental enrichment. Essential nutrients and a high fibre content ensures optimal dental and digestive health. Rich in natural ingredients with no added sugars, artificial colours or flavours. The consistent nutritional value in every bite prevents selective feeding.
