REALLY GOOD PETFOOD

BOSCH HIGH PREMIUM CONCEPT (HPC)

Whether playful puppy, lively young dog, full-grown adventurer or sprightly dog senior in the "golden age".

Our comprehensive nutritional concept (life cycle) for dogs of all breeds, demands and needs. The particularly high-quality, wheat-free recipes, which are characterized by their high compatibility, cover the special requirements of your pelt nose in every phase of life and are adapted to his individual activity.

Recipes without wheat

High content of fresh poultry

Without addition of chemical colorants & flavorings

+ Immune Complex

The special extra: Our Immn-Complex, made of mannans and glucans, is added to every delicious menu from our HPC line. Through the use of our immune complex, the intestinal flora is stabilized, as well as the body's own immune system of your furry nose strengthened.

\$42

Adult with Lamb & Rice is a balanced complete food for all adult dogs with normal activity levels. It contains a high proportion of highly digestible rice (16.0 %), fresh poultry (20 %) and is made without wheat. The energy & protein concentration is selected in such a way that, in combination with the contained mussel extracts, the risks of overweight for bones and joints are prevented. The use of our immune complex of mannans & glucans stabilises the intestinal flora and strengthens the immune system. It can be fed dry or moistened.

Guaranteed Analysis

Convertible energy 363 kcal/100 g (15.21 MJ/kg), protein 21.5 %, fat content 10.5 %, crude fibre 2.5 %, crude ash 5.8 %, phosphorus 0.8 %, calcium 1.1 %, sodium 0.30 %, potassium 0.50 %, magnesium 0.10 %.

Ingredients

Fresh poultry (20 %), rice (16 %), barley, maize, millet (milo), poultry protein (dried), lamb protein (dried, 4 %), fish oil (2 %), dried beet pulp (desugared), protein hydrolyzate, poultry fat, yeast (dried, incl. 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), sodium chloride, potassium chloride, green-lipped mussels (dried, 0.1 %), chicory (dried).

BOSCH HIGH PREMIUM CONCEPT (HPC)

Whether playful puppy, lively young dog, full-grown adventurer or sprightly dog senior in the "golden age".

\$42

BC013246 Adult Fish & Potato
3kg

Adult with Fish & Potato is a balanced complete food for all adult dogs with normal activity levels. In addition to poultry meat, our Adult with Fish & Potato contains high-quality fish as an important source of protein and is made without wheat using potato flour as a highly digestible source of carbohydrates. The energy & protein concentration is chosen in such a way that, in combination with the contained mussel extracts, the risks of obesity for bones and joints are prevented. The use of our immune complex of mannans & glucans stabilises the intestinal flora and strengthens the immune system. It can be fed dry or moistened.

Ingredients

Poultry protein (dried, 17.5 %), barley, maize, millet (milo), rice, poultry fat, fish meal (4 %), potato meal (4 %), dried beet pulp (desugared), protein hydrolysate, pork protein (dried), millet (yellow), yeast (dried, 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), peas (dried), fish oil, sodium chloride, potassium chloride, green-lipped mussels (dried, 0.1 %), chicory (dried).

\$156

BC013260 Adult Fish & Potato
15kg

Guaranteed Analysis

Convertible energy 364 kcal/100g (15.23 MJ/kg), protein 21.5 %, fat content 10.5 %, crude fibre 2.5 %, crude ash 6.0 %, phosphorus 0.85 %, calcium 1.05 %, sodium 0.30 %, potassium 0.50 %, magnesium 0.11 %, omega 3 fatty acids 0.30 %, omega 6 fatty acids 1.9 %.

\$39

BC013147 Adult Poultry & Millet 3kg

Our Adult with Fresh Poultry & Millet is a balanced complete food for all adult dogs with normal activity. It is made with lots of fresh poultry (30.0 %), as well as a high proportion of millet (17.5 %) and without wheat. The energy & protein concentration is chosen to prevent the risks of obesity for bones and joints in combination with the contained mussel extracts. By using an immune complex of mannans & glucans, the intestinal flora is stabilized, as well as the immune system is strengthened. Our Adult with fresh poultry & millet is also suitable for nutritionally sensitive dogs. It can be fed dry or moistened.

Ingredients

Fresh poultry (30 %), millet (17.5 %), barley, corn, poultry protein (dried), rice, protein hydrolysate, beet pulp (desugared), fish meal, poultry fat, peas (dried), yeast (dried, 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), fish oil, sodium chloride, potassium chloride, green-lipped mussels (dried, 0.1 %), chicory (dried).

\$141

Whether playful puppy, lively young dog, full-grown adventurer or sprightly dog senior in the "golden age".

\$46

BC013291 Adult Salmon & Potato 3kg

\$170

BC013314 Adult Salmon & Potato 15kg

Our Adult with Fresh Salmon & Potato is a balanced complete food for all adult dogs with normal activity levels. It is made with a high proportion of fresh salmon (14.0 %) and contains no wheat. Fresh salmon provides a high quality protein and high levels of essential fatty acids for skin and coat. The use of colostrum strengthens the immune system, as does the specific immune complex of mannans and glucans (developed by veterinarians). Our Adult with Fresh Salmon & Potato is therefore also suitable for nutritionally sensitive dogs. It can be fed dry or moistened.

Ingredients

Poultry protein (dried), salmon (fresh, 14 %), millet, barley, maize, rice, potatoes (dried, 5 %), beet pulp (desugared), poultry fat, protein hydrolysate, peas (dried), fish oil, yeast (dried, 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), sodium chloride, colostrum (0.2 %), monocalcium phosphate, potassium chloride, green-lipped mussels (dried, 0.1 %), chicory (dried).

Guaranteed Analysis

Convertible energy 365 kcal/100 g (15.25 MJ/kg), protein 21.5 %, fat content 10.5 %, crude fibre 2.5 %, crude ash 5.9 %, phosphorus 0.85 %, calcium 1.05 %, sodium 0.30 %, potassium 0.50 %, magnesium 0.11 %, omega 3 fatty acids 0.60 %, omega 6 fatty acids 2.3 %.

\$223

BC013727 Sensitive Lamb & Rice 15kg

Our Sensitive Lamb & Rice is a complete food for your nutritionally sensitive dog. More and more dogs have intolerances or even allergies to certain food components, which can lead to digestive, skin or coat problems. Our Sensitive Lamb & Rice contains a high proportion of rice (37.5%) as well as potatoes with a low allergenic potential and is therefore produced without grain containing gluten. It contains neither wheat nor maize. The energy concentration of our Sensitive Lamb & Rice is selected so that even with relatively small amounts of food, your dog's daily requirements are covered. Our immune complex of mannans and glucans stabilises the intestinal flora and strengthens the immune system. It can be fed dry or moistened.

Ingredients

Rice (37.5 %), lamb protein (dried, 20 %), potatoes (dried), poultry fat, dried beet pulp (desugared), pea protein, potato protein, rice protein, linseed, protein hydrolyzate, peas (dried), yeast (dried, incl. 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), fish oil, cellulose, sodium chloride, potassium chloride, green-lipped mussels (dried, 0.1 %), chicory (dried).

Guaranteed Analysis

Convertible energy 373 kcal/100 g (15.6 MJ/kg), protein 22.5 %, fat content 14.0 %, crude fibre 2.5 %, crude ash 8.0 %, phosphorus 1.1 %, calcium 1.4 %, sodium 0.30 %, potassium 0.50 %, magnesium 0.10 %.

BOSCH HIGH PREMIUM CONCEPT (HPC)

Whether playful puppy, lively young dog, full-grown adventurer or sprightly dog senior in the "golden age"

BC013499 Light 2.5kg

Our Light is a highly energy-reduced complete food (only 6.0% fat) with a significantly increased proportion of fiber (7.0% crude fiber) for adult dogs that are prone to being overweight.

Light is produced without wheat, and the mineral, trace element, and vitamin content is carefully selected to ensure that adult dogs are not deficient in any essential nutrients. Our immune complex, made from mannans and glucans, stabilizes the intestinal flora and strengthens the immune system. It can be fed dry or moistened.

Ingredients

Poultry protein (dried, 18%), rice, barley, maize, millet, dried beet pulp (desugared), cellulose, protein hydrolysate, fish meal, poultry fat, peas (dried), fish oil, yeast (dried, including 0.1% mannan oligosaccharides, 0.06% beta-glucans), potassium chloride, sodium chloride, green-lipped mussels (dried, 0.1%), chicory (dried).

Guaranteed Analysis

Metabolizable energy 315 kcal/100 g (13.19 MJ/kg), protein 20.0%, fat content 6.0%, crude fiber 7.0%, crude ash 5.5%, phosphorus 0.75%, calcium 0.90%, sodium 0.20%, potassium 0.60%, magnesium 0.10%.

BC013451 Mini Light 2.5kg

Our Mini Light was specially developed for adult small dogs (up to 15.0 kg final weight) that are often prone to being overweight. It is a significantly reduced-energy complete food (only 7.0% fat) with a considerably increased fiber content (7.0% crude fiber). Thanks to the high proportion of fresh poultry (25.0%) and the absence of gluten-containing grains and wheat, our Mini Light is also suitable for dogs with sensitive digestion. The inclusion of our immune complex, made from mannans and glucans, stabilizes the intestinal flora and strengthens your dog's immune system. It can be fed dry or moistened.

Ingredients

Fresh poultry (25%), rice, maize, millet, poultry protein (dried), cellulose, dried beet pulp (desugared), maize protein (dried), protein hydrolysate, peas (dried), fish meal, linseed, yeast (dried, 0.1% mannan oligosaccharides, 0.06% beta-glucans), fish oil, potassium chloride, sodium chloride, green-lipped mussels (dried, 0.1%), chicory (dried).

Guaranteed Analysis

Metabolizable energy 319 kcal/100 g (13.33 MJ/kg), protein 20.0%, fat content 7.0%, crude fiber 7.0%, crude ash 5.8%, phosphorus 0.75%, calcium 0.95%, sodium 0.20%, potassium 0.55%, magnesium 0.10%.

BOSCH HIGH PREMIUM CONCEPT (HPC)

Whether playful puppy, lively young dog, full-grown adventurer or sprightly dog senior in the "golden age".

\$32

BC013581 Senior 2.5kg

Our Senior is low in energy, protein and minerals and therefore meets the nutritional requirements of older dogs from the age of 7/8. The reduced energy content (only 6% fat) combined with an increased fibre content (6.5% crude fibre) reduces the risk of your senior dog gaining weight due to his naturally lower activity level. Our Senior is made without wheat and contains our immune complex of mannans & glucans, which stabilises the intestinal flora and strengthens the immune system. It can be fed dry or moistened.

Ingredients

Poultry protein (dried, 17 %), rice, barley, maize, millet, dried beet pulp (desugared), cellulose, protein hydrolyzate, poultry fat, fish meal, peas (dried), fish oil, yeast (dried, incl. 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), potassium chloride, sodium chloride, green-lipped mussels (dried, 0.1 %), chicory (dried).

\$131

BC013604 Senior 12.5kg

Guaranteed Analysis

Convertible energy 318 kcal/100 g (13.32 MJ/kg), protein 19.0 %, fat content 6.0 %, crude fibre 6.5 %, crude ash 5.5 %, phosphorus 0.70 %, calcium 0.80 %, sodium 0.20 %, potassium 0.60 %, magnesium 0.11 %.

\$178

BC013024 Mini Junior 15kg

For rearing small puppies (up to 15 kg final weight), a specially formulated rearing food with adapted kibble shape and size, as well as adjusted protein and mineral content is required. Our Mini Junior is produced without gluten-containing cereals and using fresh poultry (30%). The use of colostrum strengthens the immune system, as does the specific immune complex of mannans and glucans. The mussel extracts contained support cartilage and joint development. From 12 months of age, when your dog has reached its final weight, gradually switch to an adult variety. It can be fed dry or moistened.

Ingredients

Fresh poultry (30 %), maize, poultry protein (dried), rice, millet, poultry fat, dried beet pulp (desugared), digest, fish meal, linseed, greaves (dried), peas (dried), yeast (dried, 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), fish oil, colostrum (0.2 %), sodium chloride, green-lipped mussels (dried, 0.1 %), chicory (dried), potassium chloride.

Guaranteed Analysis

Convertible energy 391 kcal/100 g (16.39 MJ/kg), protein 26.0 %, fat content 16.0 %, crude fibre 2.5 %, crude ash 6.0 %, phosphorus 0.9 %, calcium 1.2 %, sodium 0.25 %, potassium 0.45 %, magnesium 0.10 %.

BC013055 Mini Adult Lamb & Rice 3kg

Our Mini Adult with Lamb & Rice has been specially developed for adult, smaller dogs (up to 15 kg final weight) who are often very fussy eaters. Mini Adult with Lamb & Rice is particularly suitable for nutritionally sensitive dogs as it is made without gluten-containing grain and contains lamb meal with low allergenic potential alongside fresh poultry (30,0 %). The use of our immune complex of mannans & glucans stabilises the intestinal flora and strengthens the immune system. It can be fed dry or moistened.

Ingredients

Fresh poultry (30 %), rice (15 %), maize, millet, lamb protein (dried, 5 %), poultry protein (dried), maize protein (dried), beet pulp (desugared), poultry fat, protein hydrolysate, whole egg (dried), Greaves (dried), fish meal, linseed, peas (dried), fish oil, yeast (dried, 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), sodium chloride, green-lipped mussels (dried, 0.1 %), potassium chloride, chicory (dried).

HPC (SMALL BREED)

Whether playful puppy, lively young dog, full-grown adventurer or sprightly dog senior in the "golden age".

BC013109 Mini Adult Poultry & Millet 3kg

Our Mini Adult with fresh poultry & millet has been specially developed for adult, smaller dogs (up to 15 kg final weight), who are often very fussy eaters. This variety is also particularly suitable for nutritionally sensitive dogs, as it is made without gluten-containing grain and contains a high proportion of millet (20.0 %) in addition to fresh poultry (30. %). The use of our immune complex of mannans & glucans stabilises the intestinal flora and strengthens the immune system. It can be fed dry or moistened.

Ingredients

Fresh poultry (30 %), millet (20 %), maize, poultry protein (dried), dried beet pulp (desugared), rice, poultry fat, protein hydrolysate, linseed, whole egg (dried), fish meal, fish oil, peas (dried), yeast (dried, 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), sodium chloride, green-lipped mussels (dried, 0.1 %), potassium chloride, chicory (dried).

Guaranteed Analysis

Convertible energy 380kcal/100 g (15.89 MJ/kg), protein 25.0 %, fat content 14.0 %, crude fibre 2.5 %, crude ash 6.5 %, phosphorus 0.95 %, calcium 1.2 %, sodium 0.25 %, potassium 0.5 %, magnesium 0.12 %.

BC013543 Mini Senior 2.5kg

Our Mini Senior meets the nutritional needs of older, small dogs (up to 15 kg final weight) from the age of 7 / 8. It is made with a high proportion of fresh poultry (25 %) and without grain containing gluten. The energy content (7 % fat) is reduced, while the fibre content (7.0 % crude fibre) is significantly increased, which relieves the metabolism and at the same time regulates digestion. The use of our immune complex of mannans & glucans stabilises the intestinal flora and strengthens your dog's immune system. It can be fed dry or moistened.

Ingredients

Fresh poultry (25 %), rice, maize, millet, poultry protein (dried), dried beet pulp (desugared), cellulose, protein hydrolysate, maize protein (dried), fish meal, peas (dried), yeast (dried, incl. 0.1 % mannanoligosaccharides, 0.06 % beta-glucans), linseed, fish oil, potassium chloride, sodium chloride, green-lipped mussels (dried, 0.1 %), chicory (dried).

Guaranteed Analysis

Convertible energy 319.6 kcal/100 g (13.37 MJ/kg), protein 19.0 %, fat content 7.0 %, crude fibre 7.0 %, crude ash 5.4 %, phosphorus 0.70 %, calcium 0.85 %, sodium 0.20 %, potassium 0.58 %, magnesium 0.10 %.

BC003025 SENSIBLE Renal & Reduction 11.5kg

Sensible Renal & Reduction is a special diet for adult dogs needing reduced protein and minerals, made without gluten-containing grains.

With low protein from fish and potato (3%), it eases urinary protein breakdown and supports urinary tract health. Natural antioxidants from cranberries (0.2%) and blueberries (0.1%) enhance this effect.

Reduced minerals help maintain slightly acidic urine pH, limiting harmful metabolic waste.

Ingredients

Millet, potatoes (dried), poultry fat, fish meal 5 % (trout meal, salmon meal, sardine meal), potato protein (dried), beet pulp (desugared), protein hydrolysate (vegetarian), flaxseed, tomato paste (dried), yeast (dried), chicory (dried), peas, celery (dried), calcium carbonate, fish oil, carrots (dried), apples (dried), cranberries (dried), sodium chloride, blueberries (dried), seaweed meal, green-lipped mussels (dried), marigold flowers (dried), yucca (dried).

Guaranteed Analysis

Convertible energy 355 kcal/100g (14.87 MJ/kg), protein 13.5 %, fat content 9.5 %, crude fiber 3.5 %, crude ash 4.5 %, phosphorus 0.4 %, calcium 0.6 %, sodium 0.20 %, potassium 0.6 %, magnesium 0.10 %.

SAMMY'S IRRESISTIBLE RANGE OF DOG TREATS

REALLY GOOD PETFOOD

From the home of really good food

A delicious reward is the best thing ever, isn't it?

That's why Sammy has come up with something very special for you and your pelt nose: With his delicious meat fillets, the practical protein bars to-go and fine functional morsels you are perfectly equipped for every adventure. Sammy's snacks are not only temptingly tasty, but also rich in healthy ingredients and will make your pelt's heart beat faster with every bite.

Carefully selected ingredients

But high-quality & exquisite raw materials for Sammy's delicious dog snacks are sourced from suppliers we trust with full transparency of the value chain (ries, cranberries, yucca, chicory powder).

Love, you can taste

Due to the careful and loving processing of all ingredients for Sammy's fine delicacies, not only the natural ingredients but also the full flavor of the raw materials are preserved.

Carefully selected ingredients

We are strictly against any kind of animal testing that would lead to health interferences with the animals or that is associated with pain and suffering.

Special recipes

Through our 60 years of experience and the latest scientific findings, we develop unique dog snacks that will make your dog's mouth water.

BC021579 Sammy's
Heartbreaker 800g

The basic dough of Sammy's finely baked little hearts is lovingly prepared in our in-house bakery.

Exquisite beet and dried dandelion are in perfect harmony with each other and round off the base of wheat wonderfully.

The mini hearts fit even in the smallest pocket and are therefore the perfect little token of love for in between.

Ingredients

Wheat flour, poultry protein (dried, 14%), wheat, poultry fat, beet (dried, 6%), glycerol (plant-based), minerals, dandelion (dried, 0.1%).

Guaranteed Analysis

Convertible energy 353 kcal/100 g (14.76 MJ/kg), protein 21.0%, fat content 7.5%, crude fiber 1.5%.

BC021616 Sammy's
Tooth Bar 250g

Dental care is the be-all and end-all of effective prevention and control of tartar and plaque.

Sammy's deliciously scented dental bars are refined with aloe vera, eucalyptus and coconut oil as well as healthy apples and pomegranates, and their special shape makes them a wonderful addition to dental care with the dog's toothbrush. Chewing the bars stimulates the gums, food debris can be removed and tartar formation can be prevented.

Eucalyptus oil, coconut oil and aloe vera not only taste particularly tempting, but also freshen your dog's breath so that your dog can continue to give kisses.

The extra long chewing fun for shining teeth and healthy gums.

Ingredients

Vegetable by-products (including 38 % dried potatoes), minerals, apples (dried, 0.3 %), pomegranates (dried, 0.3 %), blueberries (dried, 0.3 %), strawberries (dried, 0.3 %), coconut oil (0.1 %), aloe vera (dried, 0.05 %).

Guaranteed Analysis

Convertible energy 255 kcal/100 g (10.68 MJ/kg), moisture 18.0%, protein 3.0%, fat content 1.0%, crude fiber 4.5%, crude ash 4.5%, calcium 0.5%, phosphorus 0.25%.

BC021609 Sammy's
Tooth Stick 300g

For an irresistibly bright smile of your pet's nose.

The shape of Sammy's flexible toothpick encourages your dog to chew, food debris can be removed and tartar formation can be prevented. With daily feeding, the formation of plaque and new tartar can be reduced. The delicious, low-fat chew snack for large and small dog snouts is gently produced without the addition of sugar - perfect for daily dental care.

Ingredients

Wheat flour, potato starch, glycerine (vegetable), pea starch, pork protein (dried), minerals (including 0.6 % sodium hexametaphosphate), cellulose, protein hydrolyzate.

Guaranteed Analysis

Convertible energy 278 kcal/100 g (11.63 MJ/kg), moisture 22.0%, protein 8.5%, fat content 2.0%, crude fiber 1.0%, crude ash 5.6%.
