GXSLIM500
Slim Aqua 500 - Tank Only

Start your interior aquarium with Slim Filter DC-X, which features a white frame and an extremely quiet and energy-saving DC-X pump! The set includes the Slim Filter DC-X M3, which uses a newly developed DC-X pump, improves filtration performance, and is extremely quiet and energy-saving. The filter material is easy to replace, so it's easy to raise ornamental fish.

*Estimated number of fish to raise:
14-17 small fish, 5-7 goldfish
Appropriate amount of gravel:
Approximately 4 to 7 kg *USB
adapter is not included with this
product

NEW!

\$55

GXSLIM600
Slim Aqua 600 - Tank Only

White & slim interior aquarium set with DC-X pump filter.
Enjoy dynamic waterscapes with a 60cm wide size. Includes slim, quiet, energy-saving filter: Slim Filter DC-X (USB adapter for filter sold separately).
High filtering ability keeps water clear. Wide filtering area allows you to choose the mat according to your needs.

Killfish Spawning Plant

This floating plant can be enjoyed by floating it in a killifish bowl. The soft roots catch the eggs, making it perfect for spawning killifish.

GX045850

Aquarista Bacillus Plus for Killifish 300ml

Contains Bacillus bacteria, which form spores and are active in the water, breaking down organic matter such as droppings and leftover food. Contains chitosan, a naturally derived ingredient, to support medaka spawning and growth. Chitosan's antibacterial properties also protect eggs from mold and aid in hatching.

L x W x H = 4.6 x 7 x 17.8 (cm)
Weight = 0.35 kg

Country of Made : Japan

NEW!

\$9.90

GX45867

Aquarista Bacillus Plus for Betta 300ml

Contains bacillus bacteria, which forms spores and is active in the aquarium water, breaking down organic matter such as droppings and leftover food. Contains natural antibacterial tannin, which suppresses the growth of bacteria in the aquarium water that can adversely affect the health of the fish's fins, maintaining their delicate health.

L x W x H = 4.6 x 7 x 17.8 (cm)
Weight = 0.35 kg

\$9.90

GX045881

Aquarista Bacillus Plus for Tropical fish
300ml

Contains Bacillus bacteria, which forms spores and quickly becomes active in the aquarium water, breaking down organic matter such as droppings and leftover food. Contains Epsom salt (magnesium sulfate) to adjust the osmotic balance and maintain comfortable water quality without burdening tropical fish. Unlike salt baths, it does not contain sodium, so it can be used safely even with shrimp and aquatic plants that are sensitive to water quality. Contains the natural antibacterial ingredient chitosan to suppress bacteria in the aquarium water that can adversely affect fin health, maintaining the health of delicate fins.

L x W x H = 4.6 x 7 x 17.8 (cm)
Weight = 0.35 kg

Country of Made : Japan

NEW!

\$9.90

GX45874

Aquarista Bacillus Plus for Goldfish
300ml

Contains Bacillus bacteria, which form spores and are active in the aquarium water, breaking down organic matter such as droppings and leftover food. Contains high-molecular-weight polymers to protect the goldfish's healthy mucous membranes. Goldfish water tends to be acidic, so by maintaining an optimal pH, this product reduces pH changes during water changes or water additions, creating water that reduces stress.

L x W x H = 4.6 x 7 x 17.8 (cm)
Weight = 0.35 kg

Country of Made : Japan
